Exempt status:	
<input checked="" type="checkbox"/> Categorical Exemption:	State CEQA Guidelines, §§ 15301, 15303
Reason why project was exempt:	<p>The Project is categorically exempt under the Class 1 exemption set forth in State CEQA Guidelines section 15301, which exempts from CEQA the “operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use.” The Project utilizes the existing location of irrigation water supply canals and existing associated piping. The Project addition to the water supply storage by adding a tank with no more than a 10,000 square foot tank footprint increase. Though the Project offers a significant increase of storage capacity to its existing water system, the new tank will service the same limits of the District for the parcels they own and for existing or planned cemetery uses.</p>
